

Petition to: Issue a Martin Luther King Jr. Specialty License Plate

Petition Summary: Several states across the U.S. currently have Martin Luther King, Jr. Specialty license plates to honor one of our greatest heroes. There are hundreds of personalized Tennessee license plates; at this time there is not one for Dr. King. We believe that a specialty Martin Luther King, Jr. license plate for Tennessee would be a good fit the state. The funds produced from the sale of Martin Luther King, Jr. new specialty license plates shall be allocated to Disciples Embracing Christian Bible College a 501 (c3) in accordance with s/s 55-4-215. Such funds shall be used exclusively to support education in this state, The Sickle Cell Foundation of Tennessee, The National Civil Rights Museum, and The Whiteville Food Bank.

Action Petitioned For: We the undersigned are concerned citizens who urge our leaders to act now.
